NEW DIRECTIONS

is a rank and file caucus of transit workers - - conductors, bus drivers, token booth clerks, cleaners, - - organizing to make TWU Local 100 a democratic union that fights for workers rights.

Do you think WEP is a scam?
Are you feeling that Guiliani's quality of life programs are a finger in a bursting dam?
Are you stunned that NYC wants to have just one transit worker per train?

Last December, the current leadership narrowly managed to defeat the NEW DIRECTIONS slate in a campaign full of irregularities on the part of the incumbents.(Willie James et al who by the way endorsed Guiliani and agreed to have WEP workers replace unionized cleaners) Recently, The Transport Workers of America has ordered Local 100 to rerun its December election. Help *ND* win, they're anti-guiliani, against one person train operation, fighting the replacement of transit workers with WEP workers, pro mass transit alternatives — better working conditions for transit workers means better bus and subway rides for you.
